

SELLERS PROPERTY DISCLOSURE STATEMENT

Property: 216 Reading Road, East Earl, PA

A seller must disclose to a buyer all known material defects about property being sold that are not readily observable. This disclosure statement is designed to assist the seller in complying with disclosure requirements and to assist the buyer in evaluating the property being considered.

This statement discloses the seller's knowledge of the condition of the property as of the date signed by the seller and is not a substitute for any inspections or warranties that the buyer may wish to obtain. This statement is not a warranty of any kind by the seller or a warranty or representation by any listing real estate broker, any selling real estate broker or their agents. The buyer is encouraged to address concerns about the conditions of the property that may not be included in this statement. This statement does not relieve the seller of the obligation to disclose a material defect that may not be addressed on this form.

A material defect is a problem with the property or any portion of it that would have a significant adverse impact on the value of the residential real property or that involves an unreasonable risk to people on the land. The fact that a structural element, system or subsystem is near, at or beyond the end of its normal useful life is not by itself a material defect.

13. **RADON DISCLOSURE:** Radon is a radioactive gas produced naturally in the ground by the normal decay of uranium and radium. Uranium and radium are widely distributed in trace amounts in the earth's crust. Descendants of Radon gas are called Radon daughters, or Radon progeny. Several Radon daughters emit alpha radiation, which has high energy but short range. Studies indicate the result of extended exposure to high

levels of Radon gas/Radon daughters is an increased risk of lung cancer. Radon gas originates in soil and rocks. It diffuses, as does any gas, and flows along the path of least resistance to the surface of the ground, and then to the atmosphere. Being a gas, Radon can also move into any air space, such as basements, crawl spaces and permeate throughout the home. If a house has a Radon problem, it can usually be cured by increased ventilation and/or preventing Radon entry. The Environmental Protection Agency advises corrective action if the annual average exposure to Radon daughters exceeds 0.02 working levels. Further information can be secured from the Department of Environmental Resources Radon Project Office, Call 1-800-23RADON or (215) 369-3590. Purchaser acknowledges that Purchaser has the right to have the buildings inspected to determine if Radon gas and/or daughters are present. Purchaser waives this right and agrees to accept the Premises AS IS, with no certification from Seller. Purchaser releases, quit-claims, and forever discharges Seller, their heirs and assigns, from any and all claims, losses, or demands, including personal injuries, and all of the consequences thereof, whether now known or not, which may arise from the presence of Radon in any building on the Premises. Seller has no knowledge concerning the presence or absence of Radon.

14. **ZONING**: The parties acknowledge that no representation whatsoever is made concerning zoning of the Premises, or the uses of the Premises that may be permitted under local ordinances, and that Purchaser has satisfied himself that the zoning of the Premises is satisfactory for his contemplated use thereof. Purchaser hereby waives any applicable requirement for Seller to provide a certification of zoning classification prior to settlement pursuant to Disclosure Act of July 27, 1955, P.L. 288, §3, as amended and reenacted (21 P.S. §613). If Purchaser's intended use requires any federal, state, or local permits or inspections, including, but not limited to, use or occupancy permits, Purchaser is responsible for obtaining such permits or inspections at Purchaser's expense.

15. **INCLUSIONS WITH PREMISES**: Included in this sale are all buildings, improvements, rights, privileges, and appurtenances to the Premises, including if any, but not limited to:

20. **PURCHASERS' DEFAULT:** In case of noncompliance by Purchaser with any term of these Conditions, Seller has the option, in addition to all other remedies provided by law or at equity, to exercise any one or more of the following remedies:

- (a) To retain Purchaser's down money as liquidated damages, regardless of whether or not, or on what terms, the Premises is retained or resold; or
- (b) To resell the Premises, at public or private sale, with or without notice to Purchaser, and hold Purchaser liable for the actual loss resulting from such resale, including attorneys' fees and costs incurred by Seller as a result of Purchaser's default. Seller may retain the down money paid hereunder as security for payment of such loss.

21. **SUMMARY OF CONDITIONS:** Purchaser acknowledged that these Conditions of Sale were available for inspection by Purchaser prior to the commencement of bidding and sale of the Premises, that Purchaser had an opportunity to review the full Conditions of Sale, and that Purchaser understands the contents thereof and all terms and conditions under which the Premises is being sold, agreeing to be bound by the full terms and conditions as set forth therein. Purchaser acknowledges that only a summary of the Conditions of Sale was read prior to commencement of bidding on the Premises, and that Purchaser is not relying upon the public reading of the Conditions of Sale as a complete statement of the terms and conditions for sale of the Premises.

22. **PARTIES BOUND:** These Conditions of Sale and Purchaser's Agreement made hereunder shall be binding upon the parties hereto and their respective heirs, successors, personal representatives and assigns.

23. **CONSTRUCTION:** All references to the highest bidder, Purchaser or Purchaser contained herein shall be deemed to refer to all Purchasers, jointly and severally, whether referred to in the singular or plural, or masculine or female, form.

24. **ASSIGNMENT:** Purchaser may not assign these Conditions of Sale, in whole or in part, without first obtaining the written approval of Seller.

25. **INTENT:** This Agreement represents the whole Agreement between the parties, and any representations concerning the Premises, or otherwise, made prior to the execution of Purchaser's Agreement, are hereby superseded by this Agreement.

26. **AMENDMENT:** No modification of these Conditions of Sale shall be valid unless made in writing, executed with the same degree of formality as these Conditions of Sale and Purchaser's Agreement attached hereto.

27. **EFFECT OF WAIVER OR CONSENT:** A consent or waiver by Seller, express or implied, to or of any breach or default by Purchaser in the performance of these Conditions of Sale is not a consent or waiver to or of any other breach or default. Failure on the part of Seller to complain of any act of Purchaser or to declare Purchaser in default of these Conditions of Sale, irrespective of how long that failure continues, does not constitute a waiver by Seller of Seller's rights with respect to that default until the applicable statute-of-limitations period has run.

28. **SEVERABILITY:** If any provision of these Conditions of Sale or the application thereof to any person, entity or circumstance is held invalid or unenforceable to any extent, the remainder of these Conditions of Sale and the application of that provision to other persons, entities or circumstances are not affected thereby. In such event, the invalid or unenforceable provision will be enforced to the greatest extent permitted by law.

29. **EXECUTION IN COUNTERPART OR BY FACSIMILE OR ELECTRONICALLY:**

This Agreement may be executed by facsimile or electronically and/or in counterparts, each of which shall be deemed an original Agreement and when combined shall constitute one Agreement.

IN WITNESS WHEREOF, Seller has executed these Conditions of Sale, intending to be legally bound hereby, on the day and year first above written.
