24. RADON DISCLOSURE: Radon is a radioactive gas produced naturally in the ground by normal decay of uranium and radium. Uranium and radium are widely distributed in trace amounts in the earth's crust. Descendants of Radon gas are called Radon daughters, or Radon Progeny. Several Radon daughters emit a alpha radiation, which has high energy but short range. Studies indicate the result of extended exposure to high levels of Radon gas/Radon daughters is an increased risk of lung cancer. Radon gas originates in soil and rocks. It diffuses, as does any gas, and flows along the path of least resistance to the surface of the ground, and then to the atmosphere. Being a gas, Radon can also move into any air space, such as basements, crawl spaces and permeate throughout the home. If a house has a Radon problem, it can usually be cured by increased ventilation and/or preventing Radon entry. The Environmental Protection Agency advises corrective action if the annual average exposure to Radon daughters exceeds 0.02 working levels. Further information can be secured from the Department of Environmental Resources Radon Project Office, 1100 Grosser Road, Gilbertsville, Pennsylvania, 19525; Call 1-800-23RADON or (215) 369-3590. Purchaser acknowledges that Purchaser has the right to have the buildings inspected to determine if Radon gas and/or daughters are present. Purchaser waives this right and agrees to accept the property AS IS, with no certification from Seller. Purchaser releases, quit-claims, and forever discharges Seller, their heirs and assigns, from any and all claims, losses, or demands, including personal injuries, and all of the consequences thereof, whether now known or not, which may arise from the presence of Radon in any building on the Premises. Seller has no knowledge concerning the presence or absence of Radon.

 - a. To retain the Purchaser's down money as liquidated damages, regardless of whether or not, or on what terms, the property is resold; and/or

To resell the Premises at public or private sale, with or without notice to the present Purchaser, and to retain any advance in price or hold the present Purchaser liable for any loss resulting from such resale, meanwhile holding the down money paid hereunder as security for or toward payment of such loss.
26. SELLER'S DEFAULT: If Seller is unable to give title as provided in Paragraph 5, Purchaser may elect either (a) to take such title as Seller can give, or (b) to require Seller to return to Purchaser all payments including any note(s) theretofore made to Seller on account of the purchase price, and to reimburse Purchaser for all costs of searching title, appraisals, inspections, and preparation of deed, mortgage and other settlement papers which Purchaser reasonably may

have incurred, upon which return and payment all further obligation of this agreement on both Seller and Purchaser shall terminate.
